STUDY BUDDY SCHEME

Undergraduate Higher Diploma in SME Management

Our experience in eLearning shows that when students enrol in on-line programmes having a study buddy can improve their chances of success.

A study-buddy is a fellow student with whom you can share the learning experience, a person with whom you can discuss articles, case studies, fora posts and various elements that arise from the course work. Your study-buddy needs to share your level of motivation and commitment to succeed.

We encourage students to follow our on-line Undergraduate Higher Diploma along with a suitably motivated study-buddy.

To make this more attractive, we offer students registering along with a study-buddy a 10% reduction in the online programme fees for both students and a 15% reduction in online programme fees if more than two students register. This offer applies for the online Undergraduate Higher Diploma in SME Management programme.

Terms and Conditions apply.

To find out more about the terms and conditions and the benefits of this incentive, contact us on admin@aea.academy

Terms and Conditions

Students must pay a 50% deposit at application stage – on net amount less partial scholarship if applicable and study buddy discount.

If one of the study buddies abandons programme, during the first three months then discount is reduced by 5% (10% > 5% and 15% > 10%). Any withdrawals after the first three months will not impact the remaining study buddy/ies.

Students must pay the outstanding balance within three months of starting the programme.
